

**Peter H. Baril, P.E.**  
**17 SeaView Avenue**

Peter is a full-time resident of the Black Point Beach Club Association. He and his wife, Alice relocated from Massachusetts in 2019. However, he has close family ties to Black Point for over four decades. Peter was born and raised in West Hartford and attended Northwest Catholic High School. He attained a B.S. degree from Fairfield University and M.S. from the University of New Hampshire.

Before retiring in 2019, Peter was a consultant engineer in private practice for 39 years and continues with limited part-time work with his former firm, GZA GeoEnvironmental, Inc. He is a Professional Engineer, licensed in Connecticut and Massachusetts. He specializes in water resources, including hydrology, hydraulics, stormwater drainage, and flood control management.

He is very familiar with municipal government work, having volunteered for over 12 years with his Conservation Commission during his residence in Walpole, MA. As a member of the local Commission, Peter's duties included (a) reviewing applications for land development near and within sensitive environmental resource areas (wetlands, floodplains, etc.); (b) critiquing detailed engineering calculations and drawings; and (c) conducting public hearings.

Currently, Peter is very active with various Beach Association organizations including, Men's Club, Wrecking Crew, and the Master Planning Committee. He was the principal architect who developed the 2022 edition of the ***BPBCA Telephone Directory and Resource Guidebook***.
