How to Register for Remote Voting

As previously communicated, the Black Point Charter mandates that each homeowner attend a meeting in person to cast a ballot on budgets, board member elections, and other important issues. With remote voting, your virtual attendance via Zoom will satisfy the "in person" requirement. You may attend the meeting via Zoom on your computer, tablet or smartphone, and you must be on video in order to be authenticated as a registered voter.

You are eligible to use remote voting if you:
- Own property in Black Point and are entitled to vote in our elections.
- Are **NOT** able to attend the Annual Meeting in person at the Clubhouse on Sat., May 24.
- Plan to attend the Annual Meeting remotely using Zoom (Make sure you have Zoom downloaded on your computer or smartphone) Here is the link to access the "Basic" free account.
- Have completed a Member Representative Form if your property is held in a trust, corporation, partnership, LLC, or corporate entity. (Must be submitted to secretary@blackpointbeachclub.com by May 15.)

Before you register: Ensure you are comfortable with the following, or you have help from someone to assist you with this process
- Have a Zoom account (see third bullet, above) and know how to use the Zoom chat
- Can navigate between Zoom and your browser (preferred browsers are the latest versions of Chrome, Firefox and Safari)
